Experience

OneAlpha Ryde

Frontend Developer • Ibadan, oyo   01/2023 - Present

- Collaborated with a fellow Frontend Developer to implement the landing page, working on various sections and pages of the website using NextJs, JavaScript and TailwindCSS.
- Developed an admin dashboard from scratch using React Js, TailwindCSS, and Typescript. I implemented sub-routing and filtered each page based on the user's role and permissions. The dashboard allows users to book trips for passengers, print out tickets, edit bookings, reschedule bookings, create trips, routes, sub-routes, create users, reactivate or disable users, and more. I also made sure that the dashboard was responsive and worked well on different devices and screen sizes.
- Adhered to SEO best practices while designing sites.
- Multi-tasked across multiple functions and roles to meet deadlines and organizational expectations.
- Engaged with clients to plan and optimize site issues and queries

NephroHMS

Frontend Developer • Ibadan, oyo   12/2022 - 03/2023

- Developed a hospital management dashboard with a range of features. These include adding new patients, checking patients in, booking appointments, creating inventory, deleting or transferring items, adding new expenses, and more. The dashboard was developed using React Js, JavaScript, and TailwindCss.
- The dashboard helped to reduce waiting times for patients, improved the accuracy and completeness of patient records, improved the inventory management process.
- Collaborated with the backend developer to plug in the required APIs and with the designer to ensure that the dashboard was user-friendly and adhered to color codes.
- Ran debugging tools to eliminate flaws and glitches prior to publishing.

CapitalSage

Frontend Intern • Ibadan, oyo   09/2022 - 11/2022

- Developed a working dashboard for a food delivery service and its landing page using React js with Tailwind CSS
- Participated in weekly company meetings to present design ideas and showcase finished apps
- Worked with Backend Developers to plug in the APIs needed for the dashboard I developed
- Worked with a Senior Developer to redesign an existing website and write code from scratch
- Worked with a Project manager to write comparative analysis for existing products

Equilibrium Zone

Frontend Intern • Ibadan, oyo   06/2022 - 08/2022

- Maintained current websites to make sure they are functioning correctly
- Worked with a senior developer to manage large complex design projects
- Designed the user interface for EzVentures, a product of the company
- Participated on weekly team meetings to discuss current and future projects and strategies on how to produce efficient work
